

How to prepare for the day...

We aim to make the day of your photo shoot as enjoyable as possible. However, there are a few simple things we would like you to do in order to make this happen.

- 1.** Wear plain, light-coloured attire for the whole family (for example neutral coloured dress or white shirt and jeans – try to find clothing without big and bold brand logos if possible).
- 2.** For maternity shoots, please refrain from wearing any overly tight clothing before the shoot as it will leave marks on the skin and doesn't look very nice in the photo.
- 3.** Choose a favourite toy (or a few different toys) for the children.
- 4.** If you have any areas of dryness, have some moisturising lotion handy and apply it to the areas a few days before the shoot (for family members as well).
- 5.** Try to get a good night's sleep before the shoot to avoid bags under the eyes, which doesn't look too flattering in the photo.
- 6.** Bring a smile and be ready to have some fun!

Thank you for choosing Studio ReCapture.

We look forward to seeing you shortly.
